The National Extension Relationship and Marriage Education Network (NERMEN) envisions a nationwide outreach through Extension specialists and educators in partnership with agencies and organizations at the national, state, and community levels that supports individuals and couples preparing for, developing, and enriching healthy relationships and healthy marriages. NERMEN's mission is to *provide research-based resources and promote partnerships to advance the knowledge and practice of relationship and marriage education. To learn more about NERMEN and additional resources from Cooperative Extension, visit www.nermen.org.*
